

Knoll furniture awarded level™ 3 BIFMA Certification

Level™ is the certification program for the Business and Institutional Furniture Manufacturer's Association's (BIFMA) furniture sustainability standard. Level™ is part of BIFMA's ongoing development of product and industry standards that support safe, healthy and sustainable workplaces. Level evaluates the environmental and social responsibility of a variety of products. To do so, the organization and facilities that produced the furniture are scored according to sustainability criteria in four areas: Materials; Energy and Atmosphere; Human and Ecosystem Health; and Social Responsibility. The highest certification a product can achieve is level 3.

+ Dividends Horizon

Dividends Horizon advances the evolution of Dividends with new aesthetic and functional refinements, including open weave fabric screens, thin window frames, open base panels, open leg worksurface support, table desks and credenzas that define the individual workspace.

+ Antenna

Antenna collaborative work setting that can support groups of any size in open plan environments, closed rooms and meeting areas. Antenna contains no PVC or fiberglass and it is green guard children and schools indoor air quality certified.

+ Generation & MultiGeneration

Generation: A new standard of comfort and unrestrained movement, supporting the range of postures and work styles typical of today's workplace.

MultiGeneration: Made to be responsive and support multiple postures. Encouraging collaboration, it is ideal for team and large group environments.
